

University Finance Trend Analysis

1976-77 to 1985-86

Finances des universités Analyse des tendances

1976-77 à 1985-86

Data in Many Forms . . .

Statistics Canada disseminates data in a variety of forms. In addition to publications, both standard and special tabulations are offered on computer print-outs, microfiche and microfilm, and magnetic tapes. Maps and other geographic reference materials are available for some types of data. Direct access to aggregated information is possible through CANSIM, Statistics Canada's machine-readable data base and retrieval system.

How to Obtain More Information

Inquiries about this publication and related statistics or services should be directed to:

Education Finance Section,
Education, Culture and Tourism Division,

Statistics Canada, Ottawa, K1A 0T6 (Telephone: 990-8576) or to the Statistics Canada reference centre in:

| | | | |
|------------|------------|----------------|------------|
| St. John's | (772-4073) | Sturgeon Falls | (753-4888) |
| Halifax | (426-5331) | Winnipeg | (983-4020) |
| Montreal | (283-5725) | Regina | (780-5405) |
| Ottawa | (990-8116) | Edmonton | (420-3027) |
| Toronto | (973-6586) | Vancouver | (666-3691) |

Toll-free access is provided in all provinces and territories, **for users who reside outside the local dialing area** of any of the regional reference centres.

Des données sous plusieurs formes . . .

Statistique Canada diffuse les données sous formes diverses. Outre les publications, des totalisations habituelles et spéciales sont offertes sur imprimés d'ordinateur, sur microfiches et microfilms et sur bandes magnétiques. Des cartes et d'autres documents de référence géographiques sont disponibles pour certaines sortes de données. L'accès direct à des données agrégées est possible par le truchement de CANSIM, la base de données ordiolingue et le système d'extraction de Statistique Canada.

Comment obtenir d'autres renseignements

Toutes demandes de renseignements au sujet de cette publication ou de statistiques et services connexes doivent être adressées à:

Section des finances de l'éducation,
Division de l'éducation, de la culture et du tourisme,

Statistique Canada, Ottawa, K1A 0T6 (téléphone: 990-8576) ou au centre de consultation de Statistique Canada à:

| | | | |
|------------|------------|----------------|------------|
| St. John's | (772-4073) | Sturgeon Falls | (753-4888) |
| Halifax | (426-5331) | Winnipeg | (983-4020) |
| Montréal | (283-5725) | Regina | (780-5405) |
| Ottawa | (990-8116) | Edmonton | (420-3027) |
| Toronto | (973-6586) | Vancouver | (666-3691) |

Un service d'appel interurbain sans frais est offert, dans toutes les provinces et dans les territoires, **aux utilisateurs qui habitent à l'extérieur des zones de communication locale** des centres régionaux de consultation.

Renseignement supplémentaire sur l'éducation de Statistique Canada

Highlights

- Between 1976-77 and 1985-86, university expenditures more than doubled to reach \$6.7 billion.
- On an annual basis, the increase averaged 10% compared to 8% for the Consumer Price Index. However, as a percentage of Gross National Product, university expenditures remained relatively stable during that 10 year period, slipping slightly from a peak of 1.5% in 1982-83 to 1.4% in 1985-86.
- The provincial governments' share of university operating revenues declined steadily from 82.8% in 1976-77 to 78.9% in 1984-85, but rebounded slightly to 79.3% in 1985-86. The proportion of funding accruing from student fees increased from 13.5% in 1976-77 to 16% in 1985-86.
- University operating expenditures per student rose 4% in 1985-86 to reach \$8,345.

Faits saillants

- Entre 1976-77 et 1985-86, les dépenses des universités ont plus que doublé pour atteindre \$6.7 milliards.
- Sur une base annuelle, l'augmentation a été de 10% en moyenne, comparativement à 8% pour l'indice des prix à la consommation. Cependant, exprimées en pourcentage du Produit national brut, les dépenses des universités sont demeurées relativement stables au cours de la période de dix années, glissant légèrement du sommet de 1.5% atteint en 1982-83 à 1.4% en 1985-86.
- La part des gouvernements provinciaux aux revenus de fonctionnement des universités a diminué constamment de 82.8% en 1976-77 à 78.9% en 1984-85 et a remonté légèrement ensuite à 79.3% en 1985-86. La proportion des fonds afférente aux frais de scolarité a augmenté de 13.5% en 1976-77 à 16% en 1985-86.
- Les dépenses de fonctionnement des universités par étudiant se sont accrues de 4% en 1985-86, atteignant \$8,345.

University of Toronto

Introduction

The purpose of this annual publication is to present a 10-year statistical analysis of the financing of all Canadian universities.

The report is presented in the following format: a series of charts depicting university expenditures related to socio-economic indicators such as Gross National Product, CPI, population, personal income and enrolment; and statistical tables at both national and provincial levels.

Data contained in this report are derived from the annual survey conducted jointly with the Canadian Association of University Business Officers (CAUBO). Data for non-CAUBO members are either based on annual reports or are estimated.

This document was prepared by the Education, Culture and Tourism Division in cooperation with CAUBO.

Introduction

L'objet de cette publication annuelle est de présenter sur une période de 10 ans, une analyse des statistiques financières de l'ensemble des universités canadiennes.

Ce rapport est présenté sous les formes suivantes: une série de graphiques mettant en relief les dépenses des universités avec des indicateurs socio-économiques tels le PNB, IPC, population, revenu personnel et inscription, ainsi que des tableaux statistiques tant au niveau national que provincial.

Les données contenues dans ce rapport proviennent principalement de l'enquête annuelle menée conjointement avec l'Association canadienne du personnel administratif universitaire (ACPAU): quant aux données relatives aux institutions non-membres de l'ACPAU, elles proviennent de rapports annuels ou elles ont été estimées.

La rédaction du présent rapport est l'Oeuvre de la Division de l'éducation, de la culture et du tourisme avec la participation de l'ACPAU.

Notes

The reader of this document should be cautioned as follows:

- Data contained in this report include gross revenues and expenditures of ancillary enterprises.
- Revenues are classified by direct source of funds to the institutions. Federal contributions to provincial governments in respect of postsecondary education are therefore not identified as federal source. The amounts shown as federal funding refer to the operation of federal institutions and direct contributions to the universities for sponsored research or other specific activities.
- Institutions reporting for a period other than 12 months had their statement adjusted to a full year (see list in Appendix I).
- The definitions of the variables in this report are those used in the "Financial Statistics of Universities and Colleges" survey. Since this survey is updated each year, some adjustments were made to the classification of these variables to produce data which are comparable over the period studied (see list in Appendix II).
- FTE (Full-time Equivalent) Enrolment represents full-time enrolment at unity plus part-time enrolment divided by 3.5.
- No adjustments were made to account for university credit courses offered at the college level.
- Any reconciliation of the statistics shown in this document with those in the current publication on university income and expenditures is possible only if the changes mentioned above are taken into consideration.

Notes

Les utilisateurs de ce document devront faire attention aux avertissements suivants:

- Les données contenues dans ce rapport comprennent les revenus et les dépenses bruts des entreprises auxiliaires.
- Les revenus sont classifiés selon la provenance directe des fonds aux institutions. Par conséquent, les contributions fédérales faites aux gouvernements provinciaux à l'égard de l'enseignement postsecondaire ne sont pas considérées comme étant une source fédérale. Les montants apparaissant comme subventions fédérales font référence au fonctionnement des institutions fédérales et aux contributions directes allant aux universités dans le cadre de la recherche subventionnée ou autres activités spécifiques.
- Les déclarations des institutions portant sur une période différente de 12 mois ont été converties sur une base annuelle (voir liste à l'appendice I).
- Les définitions des variables dans ce rapport sont celles utilisées pour l'enquête "Statistiques financières des universités et collèges". Étant donné que cette enquête est mise à jour à chaque année, certains changements ont été effectués à la classification de ces variables dans le but de produire des données comparables au cours de la période visée (voir liste à l'appendice II).
- Les inscriptions en équivalence à temps plein (ETP) représentent les inscriptions à temps plein comptées à l'unité plus les inscriptions à temps partiel divisées par 3.5.
- Aucun ajustement n'a été fait pour tenir compte des programmes de passage à l'université offerts au niveau des collèges.
- Toute réconciliation des données présentées dans ce document avec celles des publications courantes sur les finances des universités ne peut être faite qu'en tenant compte de ces avertissements.

Overview

Canada

- Over the period reviewed, 1976-77 to 1985-86, total university gross expenditures¹ more than doubled. They grew from \$2.8 billion to \$6.7 billion or increased 10% annually on average. The largest one year rise, 15.1%, was posted in 1982-83. The two lowest were recorded in the next two years, 6.8% in 1983-84 and 4.8% in 1984-85.
- University expenditures per capita have risen from \$123 in 1976-77 to \$263 in 1985-86. The lowest increases were recorded during the last three periods, but growth was up in 1985-86 (6.1%) compared to the previous two periods (5.8% in 1983-84 and 3.8% in 1984-85).
- During the 10 years reviewed, universities accounted for a stable 18% of all education expenditures in Canada. However, the proportion of all full-time teachers employed by universities increased from 9.4% in 1976-77 to 10.6% in 1985-86. Furthermore, they taught an increasing proportion of full-time students (6.2% in 1976-77 to 8.2% in 1985-86).
- From 1976-77 to 1985-86, university general operating expenditures rose more rapidly (9.0% annually) than the Consumer Price Index (8.1%). However, when expressed in full-time equivalent (FTE) student units, expenditures grew just 6.1% annually. This trend was most pronounced in the last two-thirds of the period (1979-80 to 1985-86) when university general operating expenditures per FTE grew 4.8% compared to 7.9% for the CPI. However, in 1985-86, both grew at approximately the same rate.
- Expansion in the proportion of university funds allocated to sponsored research contrasts with slower growth in university general operating expenditures. Between 1976-77 to 1985-86, the share of total university expenditures allocated to general operating funds dropped from

¹ In this publication, total university expenditures include gross expenditures of ancillary enterprises.

Aperçu

Canada

- Au cours de la période observée allant de 1976-77 à 1985-86, les dépenses brutes totales¹ des universités ont plus que doublé, passant de \$2.8 milliards à \$6.7 milliards, soit une croissance annuelle moyenne de 10%. L'augmentation annuelle la plus élevée (15.1%) s'est produite en 1982-83. Les deux plus faibles se sont produites dans les deux années suivantes, soit 6.8% en 1983-84 et 4.8% en 1984-85.
- Les dépenses des universités par habitant ont grimpé de \$123 en 1976-77 à \$263 en 1985-86. Les hausses les plus faibles ont été enregistrées au cours des trois dernières périodes, mais une tendance à la hausse a été observée en 1985-86 (6.1%), en comparaison avec les deux périodes précédentes (5.8% en 1983-84 et 3.8% en 1984-85).
- Au cours des 10 années à l'étude, les dépenses des universités ont constamment représenté 18% de l'ensemble des dépenses en matière d'éducation au Canada. De plus, les universités ont employé une proportion croissante de l'ensemble des enseignants à temps plein (de 9.4% en 1976-77 à 10.6% en 1985-86), et la proportion de l'ensemble des étudiants à temps plein qui les ont fréquentées s'est accrue (6.2% en 1976-77 contre 8.2% en 1985-86).
- Entre 1976-77 et 1985-86, les dépenses de fonctionnement général des universités ont affiché une croissance plus rapide (9.0% par an) que l'indice des prix à la consommation (8.1%). Exprimées selon les inscriptions en équivalent à temps plein (ETP), ces dépenses n'ont progressé que de 6.1% par année. Cette tendance était encore plus marquée au cours des deux derniers tiers de la période observée (1979-80 à 1985-86), alors que les dépenses de fonctionnement général des universités par inscription en ETP ont progressé de 4.8% par an comparativement à l'IPC qui a augmenté de 7.9%. Cependant en 1985-86, les deux se sont accrus au même taux.
- La part des ressources financières des universités affectée à la recherche subventionnée s'est accrue de façon marquée tandis que celle des dépenses de fonctionnement général a augmenté plus lentement. Entre 1976-77 et 1985-86, la part des dépenses totales des universités

¹ Dans cette publication, les dépenses totales des universités comprennent les dépenses brutes des entreprises auxiliaires.

75.0% to 68.7%. By comparison, sponsored research expenditures accounted for 9.9% of total expenditures in 1976-77 and reached 13.3% by 1984-85 and 1985-86. In absolute terms, sponsored research spending rose 13.6% annually over the last 10 years, reaching \$884 million.

- Salaries and fringe benefits as a proportion of total university expenditures peaked at 70% in 1976-77, amounting to \$2 billion. Thereafter, this percentage declined to a low of 66.8% in 1985-86 (\$4.5 billion). In absolute terms, however, fringe benefits alone have risen 11.8% annually compared to a 9.3% rise in salaries during the period reviewed.
- From 1976-77 to 1985-86, the allocation of general operating expenditures into different budget items has remained relatively stable. The proportion allotted to instruction increased slightly, 1.4 percentage points, while it decreased 1.3 percentage points for physical plant and 0.4% percentage point for library.
- Provincial general operating grants to universities, expressed in FTE units, increased 5.2% per year on average during the period observed, reaching \$6,513 in 1985-86. On the other hand, income from tuition fees increased 7.8%, amounting to \$1,328 in 1985-86. From 1980-81 to 1985-86, also on an FTE basis, income from tuition fees grew much more quickly (8.5% per year) than general operating grants from provincial governments (3.3%). Furthermore, provincial operating grants to universities per \$1,000 of personal income dropped from \$11.44 in 1976-77 to \$8.89 in 1985-86.
- Although sponsored research is mainly funded by the federal government the proportion of its contribution to university research dropped 1.3 percentage points from 1976-77 to 1985-86 (60.0% to 58.7%). However, during the same period, this was offset by an increase in the share from provincial governments which rose 1.4 percentage points, 17.5% to 18.9%.

affectée au fonctionnement général a glissé de 75.0% à 68.7%. En revanche, les dépenses au chapitre de la recherche subventionnée représentaient 9.9% des dépenses totales en 1976-77 pour ensuite atteindre 13.3% en 1984-85 et 1985-86. En termes absolus, les dépenses en recherche subventionnée ont augmenté de 13.6% annuellement au cours des 10 dernières années, atteignant \$884 millions.

- La proportion des dépenses totales des universités consacrée aux salaires et aux avantages sociaux a atteint un sommet de près de 70% en 1976-77, année où elles se chiffraient à \$2 milliards. Par la suite, cette proportion a chuté jusqu'à 66.8% en 1985-86 (\$4.5 milliards). En termes absolus cependant, les avantages sociaux ont progressé pour leur part de 11.8% par an, comparativement aux salaires qui sont accrus de 9.3% au cours de la période observée.
- La répartition des dépenses de fonctionnement général entre les différents postes budgétaires est demeurée relativement stable au cours de la période allant de 1976-77 à 1985-86. La proportion affectée à l'enseignement a affiché une légère hausse (1.4 point) tandis que celle affectée aux terrains et bâtiments et celle aux bibliothèques ont accusé un léger recul (1.3 point et 0.4 point respectivement).
- Les subventions provinciales de fonctionnement général des universités, exprimées par inscription en équivalent à temps plein (ETP) ont augmenté de 5.2% par an en moyenne au cours de cette période observée pour atteindre \$6,513 en 1985-86. D'autre part, les revenus provenant des frais de scolarité se sont accrus de 7.8%, se situant à \$1,328 en 1985-86. Entre 1980-81 et 1985-86, les revenus provenant des frais de scolarité exprimés par inscription en ETP ont affiché une croissance beaucoup plus rapide (8.5% par an) que les subventions provinciales de fonctionnement général (3.3%). De plus, les subventions de fonctionnement que les provinces accordent aux universités par tranche de \$1,000 du revenu personnel ont chuté de \$11.44 en 1976-77 à \$8.89 en 1985-86.
- Bien que l'administration fédérale soit la principale source de financement de la recherche subventionnée, la proportion de sa contribution a reculé de 1.3 point entre 1976-77 et 1985-86, années où elle se situait à 60.0% et 58.7% respectivement. En revanche, au cours de cette même période, celle-ci fut compensée par une hausse de la proportion provenant des administrations provinciales qui a grimpé de 1.4 point, passant de 17.5% à 18.9%.

Province

- During the period studied, the largest increase in university expenditures was recorded in Alberta where they almost tripled, reaching \$732 million. This relatively large rise (12.7% annually) was mainly due to significant expenditure increases on sponsored research (19.5% annually) and capital (17.7% annually). By comparison, during the same period, university expenditures in all other provinces grew between 9.2% (Newfoundland, Manitoba) and 10.8% (Prince Edward Island) annually; the CPI rose 8.1%.
- From 1976-77 to 1984-85² university spending expressed as a percentage of Gross Domestic Product (GDP) has always been highest in Nova Scotia (2.8% in 1984-85) and lowest in Alberta (1.1% in 1984-85). The Atlantic provinces as a region had a 2.2% ratio in 1984-85, Quebec 1.6%, Ontario 1.4% and the Western Provinces 1.2%. The relatively lower percentages in the West were attributable in part to higher GDP's per capita (in 1984-85, \$19,805 in the West compared to \$11,237 in the Atlantic Provinces).
- During the time span under review, Nova Scotia consistently posted the largest university expenditures per capita, with the exception of the year 1982-83 when it ranked second to Alberta; by contrast, Prince Edward Island (PEI) always recorded the lowest. In 1985-86, the ratios were \$355 in Nova Scotia and \$162 in PEI. Relatively high instruction and administration costs coupled with the fact that almost one-third³ of Nova Scotia's university students come from outside the province (the highest proportion in the country) explain in part the large expenditures per capita ratio in Nova Scotia. Conversely, the low ratio in PEI can be attributable, on one hand, to the fact that the only university in the province had no costly laboratory intensive faculties such as medicine and did not offer any graduate programs; on the other hand, almost one-half of university students declaring PEI as their home province are enrolled in other Canadian universities.

² Provincial GDPs were not available for 1985-86.

³ Source: Statistics Canada, **Universities: Enrolment and Degrees**, Catalogue 81-204.

Province

- Au cours de la période étudiée, l'Alberta a enregistré l'augmentation la plus importante au chapitre des dépenses des universités; celles-ci ont triplé pour atteindre \$732 millions. Cette hausse relativement importante (12.7% par année) était due en majeure partie à l'accroissement des dépenses en recherche subventionnée (19.5% par année) et en immobilisations (17.7% par année). Par comparaison, au cours de la même période, les dépenses des universités dans toutes les autres provinces ont cru entre 9.2% (Terre-Neuve, Manitoba) et 10.8% (Île-du-Prince-Édouard) par an; l'IPC a augmenté de 8.1%.
- De 1976-77 à 1984-85², la Nouvelle-Écosse s'est maintenue au premier rang en ce qui concerne les dépenses des universités exprimées en pourcentage du produit intérieur brut (PIB) (2.8% en 1984-85), et l'Alberta, au dernier rang (1.1% en 1984-85). Le ratio des provinces de l'Atlantique était de 2.2% en 1984-85, celui de Québec de 1.6%, celui de l'Ontario de 1.4%, et celui des provinces de l'Ouest de 1.2%. Le faible pourcentage affiché par les provinces de l'Ouest s'explique en partie par le fait que le PIB par habitant y soit plus élevé (\$19,805 dans l'Ouest contre \$11,237 dans les provinces de l'Atlantique en 1984-85).
- Au cours de la période étudiée, la Nouvelle-Écosse a toujours enregistré les dépenses universitaires par habitant les plus élevées, excepté en 1982-83 où elle se classait deuxième après l'Alberta. Au contraire, l'Île-du-Prince-Édouard a toujours connu le ratio le plus bas. En 1985-86, ces montants étaient de \$355 en Nouvelle-Écosse et de \$162 à l'Île-du-Prince-Édouard. Des dépenses d'enseignement et d'administration relativement plus élevées et le fait que presque un tiers³ des étudiants universitaires en Nouvelle-Écosse ne proviennent pas de cette province (la plus forte proportion au pays) expliquent en partie le taux élevé de dépenses par habitant en Nouvelle-Écosse. Au contraire, le faible taux à l'Île-du-Prince-Édouard est attribuable, d'une part, au fait que la seule université de cette province n'avait pas de facultés avec des laboratoires dispendieux (telle que la médecine) et ne dispensait pas d'études graduées; d'autre part, presque le moitié des étudiants universitaires dont la province d'origine est l'Île-du-Prince-Édouard, fréquentent d'autres universités canadiennes.

² Le PIB par province n'était pas disponible pour 1985-86.

³ Source: Statistique Canada, **Universités: Inscriptions et grades décernés**, 81-204 au catalogue.

- Despite levelling off in 1985-86, the proportion of university expenditures allocated to sponsored research rose in all provinces except Newfoundland during the period observed. Alberta and British Columbia recorded the largest increases (over five percentage points). Accordingly, these two provinces posted large annual increases in income for sponsored research. In Alberta's case, this was due to substantial increases in provincial funding from 1976-77 to 1984-85 (37.5% annually on average); however, a 17.4% decline was observed in 1985-86.
- From 1976-77 to 1985-86, the share of university general operating expenditures devoted to instruction and non-sponsored research climbed in six provinces. PEI and Manitoba posted the greatest rises (4.8 and 4.4 percentage points respectively). In Manitoba, this substantial increase occurred in part because this province showed the largest decrease in the proportion of general operating expenditures allotted to physical plant (19.3% in 1976-77 to 13.1% in 1985-86). In PEI, the rise was indirectly due to less spending on administration and general expenditures as this province posted the largest decrease (6.1 percentage points) in this function over the time-frame reviewed. By contrast, Alberta experienced the largest rise in administration costs as a percentage of general operating expenditures (6.6% to 8.8%). In absolute terms, administration expenses in this province augmented 14.2% annually, to reach \$39.2 million while nationally they climbed 9.2% per year.
- Over the period studied, Newfoundland consistently registered the lowest proportion of university general operating expenditures allocated to salaries and fringe benefits with the exception of Prince Edward Island in 1985-86. However, an increasing trend was noticed from 1977-78 to 1985-86 in Newfoundland, when this ratio grew from 66.1% to 75.7%. During the same period, the national percentage has shown little change, fluctuating between 80.5% and 81.4%. In comparison with the other provinces, Newfoundland's university allocates a larger share of its general operating budget to externally contracted services.
- Bien qu'elle semble vouloir plafonner en 1985-86, la part des dépenses de fonctionnement général affectée à la recherche subventionnée a progressé dans toutes les provinces durant la période observée, sauf à Terre-Neuve. L'Alberta et la Colombie-Britannique ont enregistré les plus fortes hausses (au-delà de cinq points). Évidemment, ces deux provinces ont marqué de fortes augmentations annuelles de leurs revenus en ce qui a trait à la recherche subventionnée. Dans le cas de l'Alberta, ceci s'explique par un financement beaucoup plus substantiel provenant de la province de 1976-77 à 1984-85 (37.5% par an en moyenne); par contre, en 1985-86, celui-ci a enregistré un recul de 17.4%.
- Entre 1976-77 et 1985-86, la part des dépenses de fonctionnement général des universités consacrée à l'enseignement et à la recherche non subventionnée s'est accrue dans six provinces. Le Manitoba et l'Île-du-Prince-Édouard ont affiché les plus fortes hausses (4.8 et 4.4 points respectivement). La hausse substantielle au Manitoba s'explique en partie par le fait que cette province a montré la plus forte diminution dans la proportion des dépenses de fonctionnement général destinée aux terrains et bâtiments (de 19.3% en 1976-77 à 13.1% en 1985-86). La hausse à l'Île-du-Prince-Édouard est indirectement liée à une décroissance de la part affectée à l'administration qui a reculé de 6.1 points au cours de la période observée. Par opposition, l'Alberta a connu la plus forte augmentation de ces coûts d'administration exprimés en pourcentage des dépenses de fonctionnement général (6.6% à 8.8%). En termes absolus, les dépenses d'administration de cette province ont progressé de 14.2% par an, pour ainsi atteindre \$39.2 millions, alors qu'au niveau nationale la hausse n'a été que de 9.2% par année.
- Au cours de la période à l'étude, c'est à Terre-Neuve que la part des dépenses de fonctionnement des universités affectée aux salaires et aux avantages sociaux a toujours été la plus petite, à l'exception de l'Île-du-Prince-Édouard en 1985-86. Cependant, on remarque une tendance à la hausse entre 1977-78 et 1985-86 à Terre-Neuve alors que cette part est passée de 66.1% à 75.7%. À l'échelle nationale, cette proportion a peu changé au cours de la même période, variant entre 80.5% et 81.4%. Si l'on compare l'université de Terre-Neuve à celles des autres provinces, celle-ci consacre une plus grande part de son budget de fonctionnement général aux services contractuels.

Graphique A.12

Percentage Distribution of University General Operating Income by Major Source of Funds, Canada, 1976-77 to 1985-86

Distribution en pourcentage des revenus de fonctionnement général des universités, selon les principales sources de fonds, Canada, 1976-77 à 1985-86

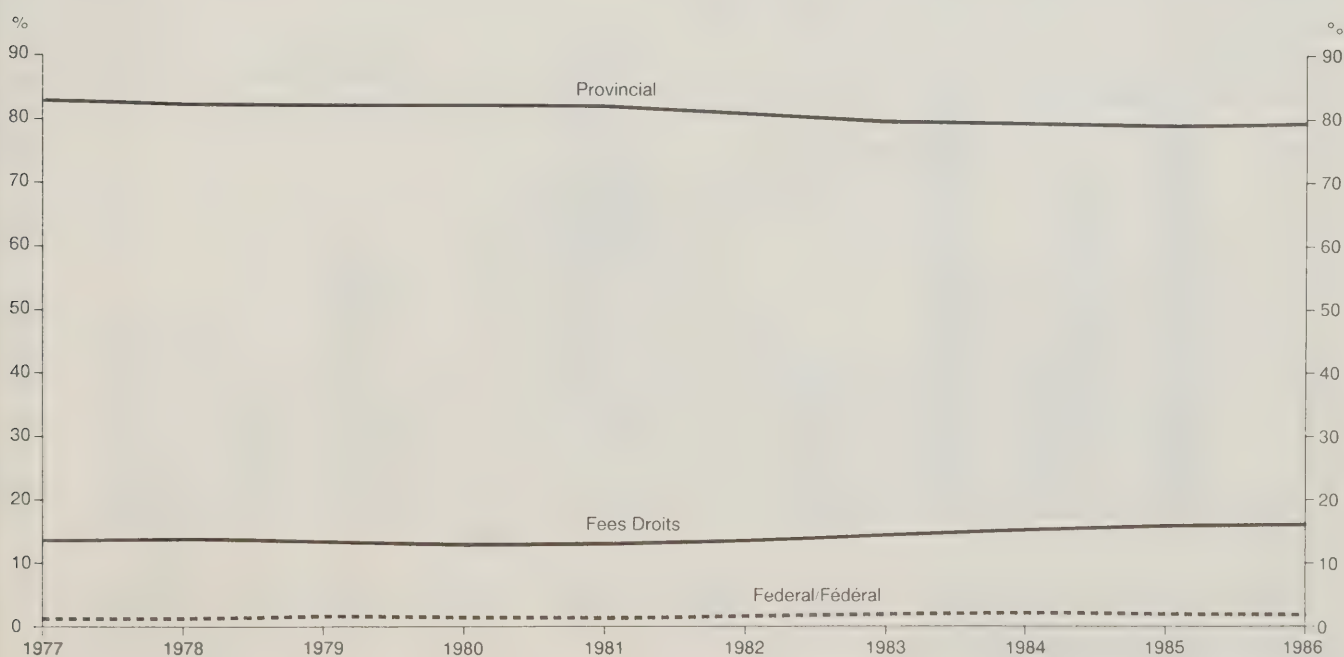

Chart A.13

Graphique A.13

University Sponsored Research Income by Major Source of Funds, Canada, 1976-77 to 1985-86

Revenus de recherche subventionnée des universités selon les principales sources de fonds, Canada, 1976-77 à 1985-86

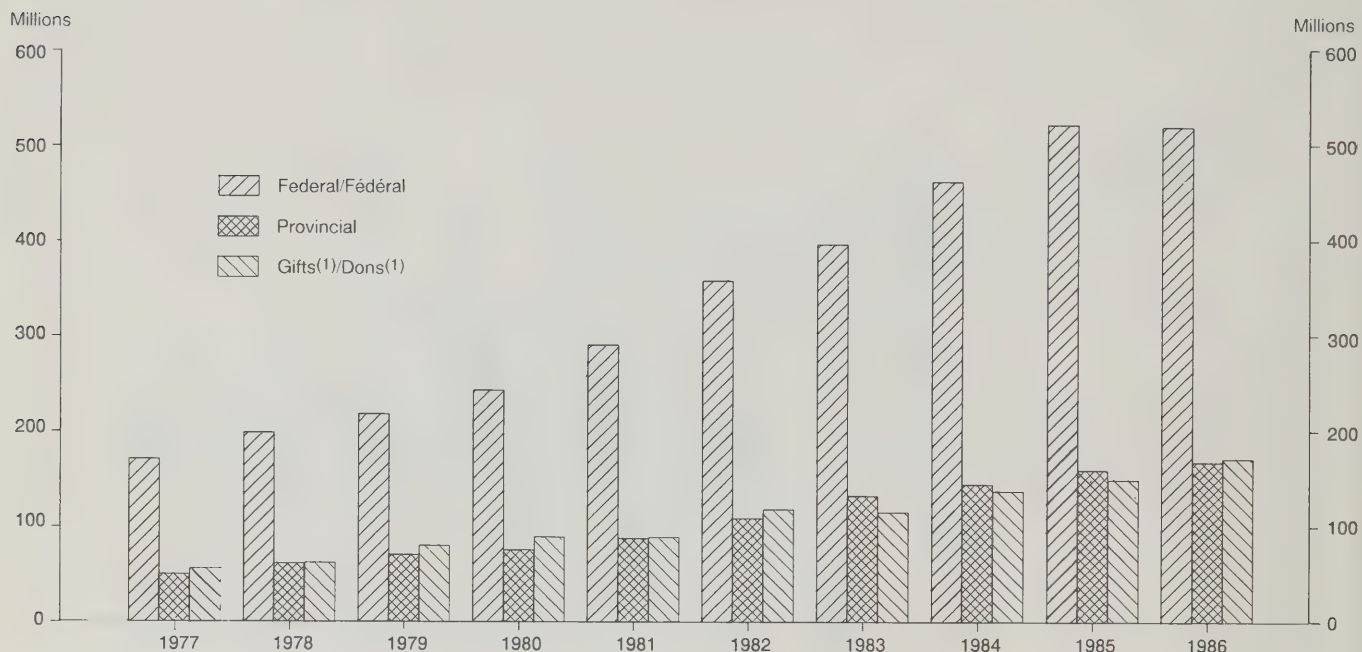

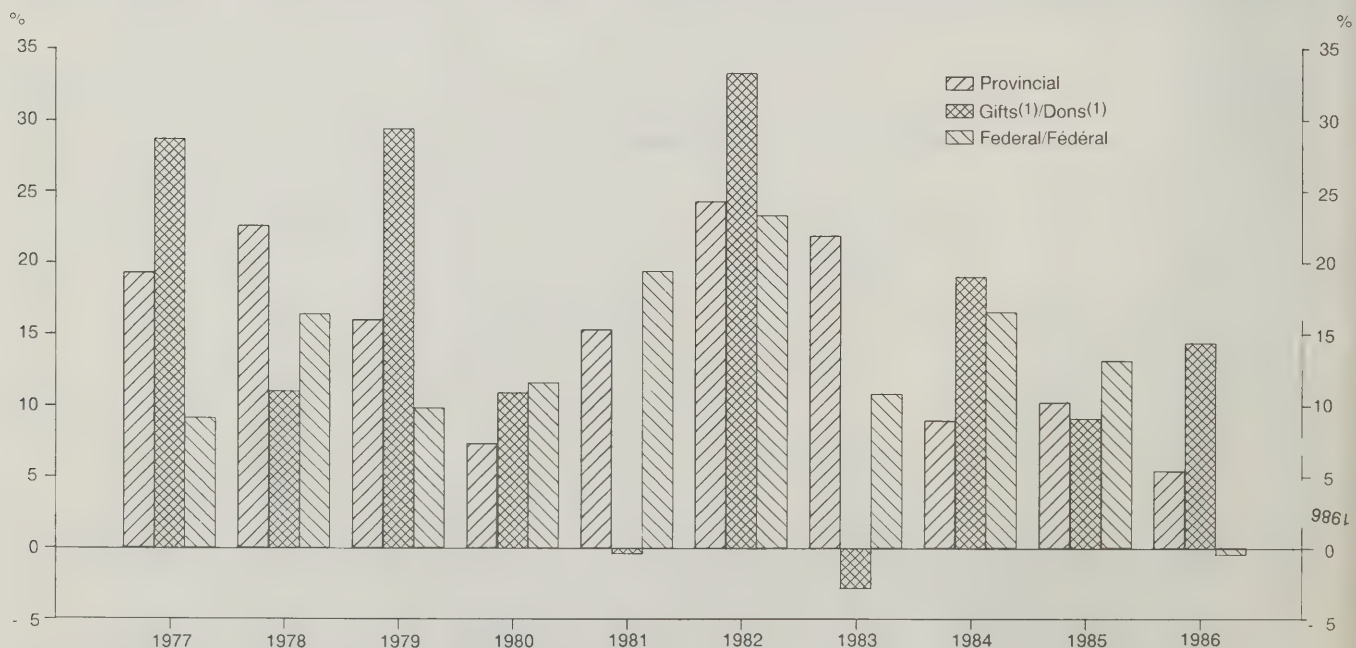

Chart A.14

Graphique A.14

Percentage Variation of University Sponsored Research Income by Major Source of Funds, Canada, 1976-77 to 1985-86

Pourcentage de variation des revenus de recherche subventionnée des universités selon les principales sources de fonds, Canada, 1976-77 à 1985-86

(1) Includes donations and non-government grants.

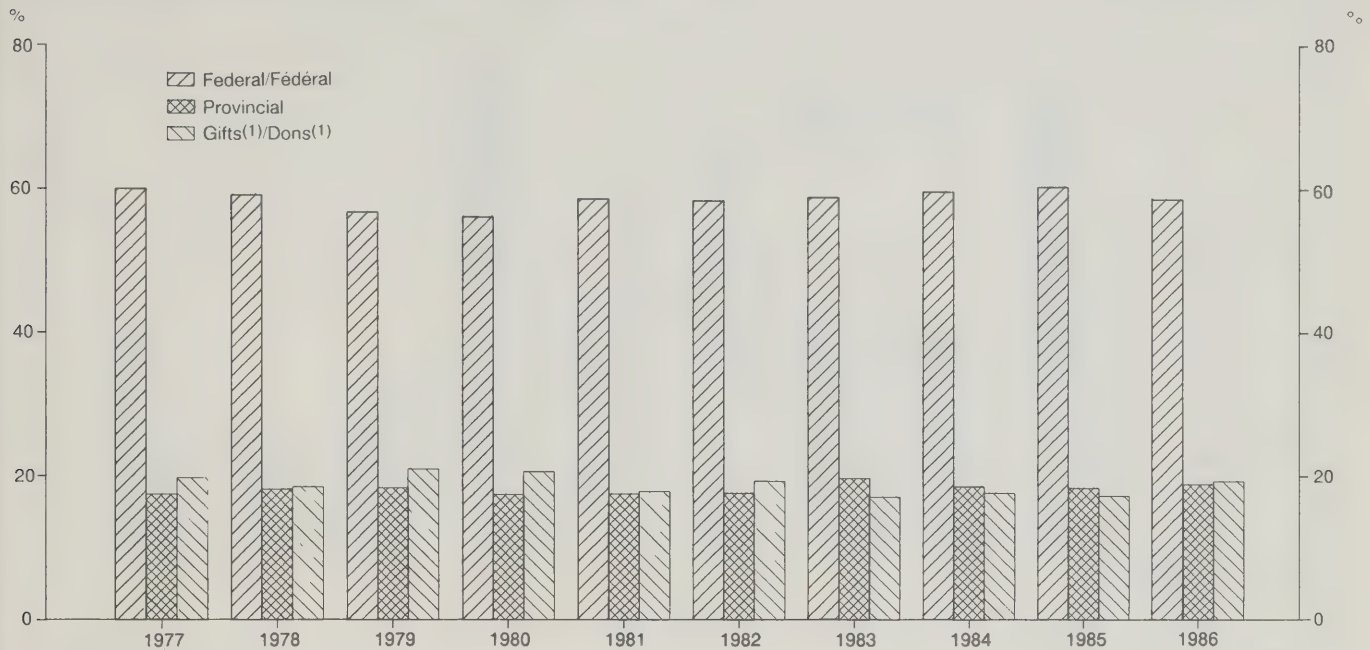

(1) Inclut les legs et les octrois non gouvernementaux.

Chart A.15

Graphique A.15

Percentage Distribution of University Sponsored Research Income by Major Source of Funds, Canada, 1976-77 to 1985-86

Distribution en pourcentage des revenus de recherche subventionnée des universités selon les principales sources de fonds, Canada, 1976-77 à 1985-86

(1) Includes donations and non-government grants.

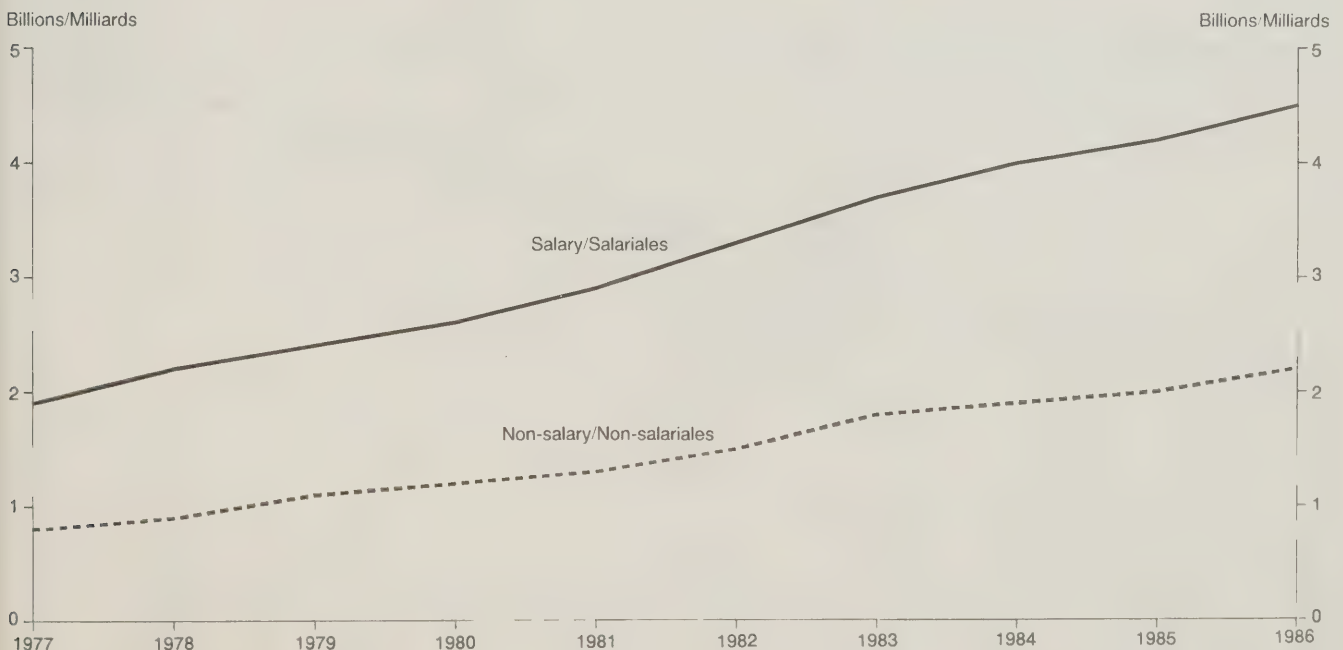

(1) Inclus les legs et les octrois non gouvernementaux.

Chart A.16

Graphique A.16

Total University Salary⁽¹⁾ and Non-salary Expenditures, Canada, 1976-77 to 1985-86

Dépenses totales salariales⁽¹⁾ et non-salariales des universités, Canada, 1976-77 à 1985-86

(1) Includes fringe benefits.

(1) Comprend les avantages sociaux.

Chart A.17

Graphique A.17

Percentage Variation of Total University Salary⁽¹⁾ and Non-salary Expenditures, Canada, 1976-77 to 1985-86

Pourcentage de variation des dépenses totales salariales⁽¹⁾ et non-salariales des universités, Canada, 1976-77 à 1985-86

(1) Includes fringe benefits.

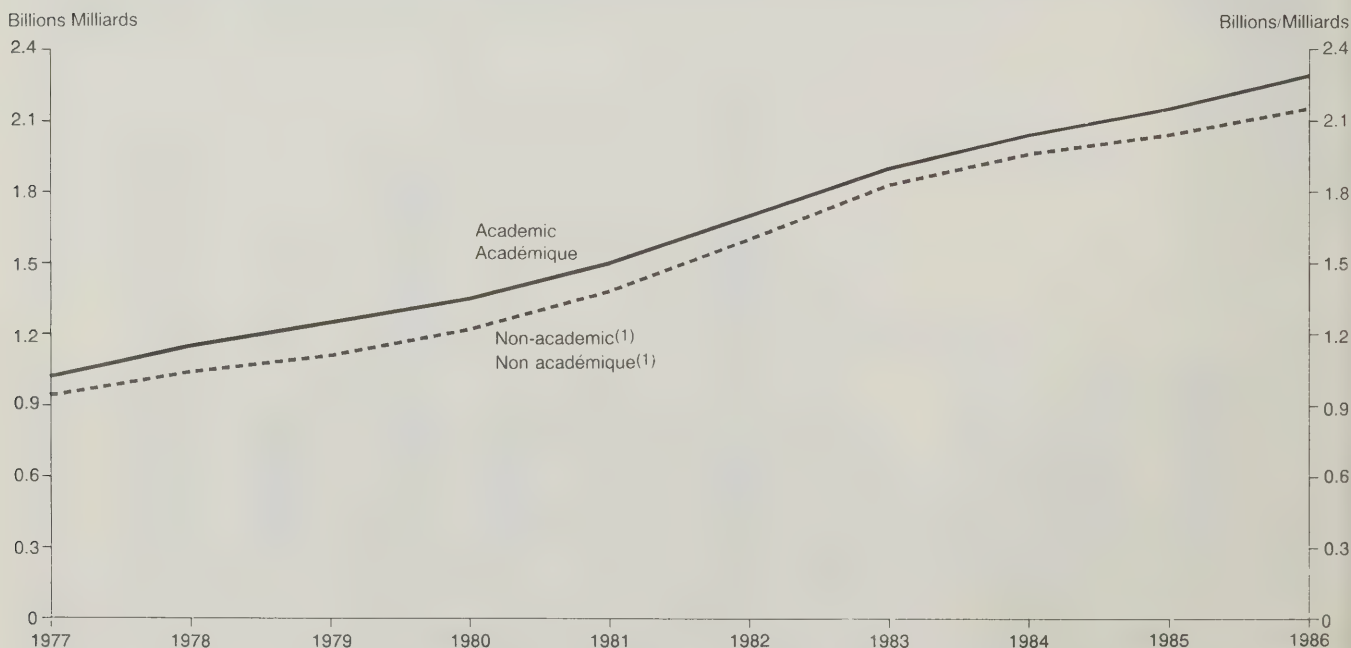

(1) Comprend les avantages sociaux.

Chart A.18

Graphique A.18

Total University Salary Expenditures by Major Type, Canada, 1976-77 to 1985-86

Dépenses totales salariales des universités selon les principaux postes, Canada, 1976-77 à 1985-86

(1) Includes fringe benefits.

(1) Comprend les avantages sociaux.

Appendix I

List of Universities Whose Reports Have Been Adjusted to a Full Year

Appendice I

List des universités dont les rapports ont été ajustés sur une base annuelle

| Year | University | Reporting period |
|---------|------------------------------------|------------------|
| Année | Université | Période couverte |
| | | month |
| | | mois |
| 1976-77 | Dalhousie University | 9 |
| | Mount Allison University | 10 |
| 1977-78 | Acadia University | 11 |
| | Mount St. Vincent University | 10 |
| | St. Mary University | 10 |
| | Université de Moncton | 10 |
| | University of Prince Edward Island | 10 |
| 1978-79 | University of New Brunswick | 10 |
| | St. Thomas More College | 10 |
| 1981-82 | Campion College | 10 |
| | University of Regina | 10 |
| | University of Saskatchewan | 10 |
| 1983-84 | University of Cape Breton | 11 |
| | University of King's College | 11 |
| 1984-85 | Acadia Divinity College | 11 |
| | Acadia University | 11 |
| | Mount St. Vincent University | 11 |
| | N.S. College of Art & Design | 11 |
| | Université Sainte-Anne | 11 |
| | St. Francis Xavier University | 11 |
| | Saint Mary's University | 11 |

Appendix II

List of the Changes Made to the Classification of Different Variables Appearing in the Survey

Income

- All amounts reported under the item "Fees – Miscellaneous" in ancillary enterprises have been transferred to "Sale of services and products".
- All amounts reported under the item "Borrowings" appear in the capital fund. Beginning with 1982-83, this item has been excluded from the historical tables.
- For the year 1975-76, all amounts reported under the item "Fees – other credit courses" have all been added to the item "Fees – credit courses".
- Starting in 1979-80, foreign government grants and contracts are reported separately.
- Starting in 1985-86, all amounts reported under "Interfund transfers" have been excluded from the historical tables.

Expenditures

- The breakdown of expenditures by function relates only to the general operating fund.
- Expenditures reported under "Depreciation" have been excluded from the historical tables.
- Expenditures reported under "Institutional membership fees" have all been grouped under the general operating fund – "Administration and general".
- Expenditures reported under "Buildings" and "Land and site services" have all been grouped in the capital fund.
- Expenditures reported under "Utilities" have all been grouped under general operating fund – "Physical plant".
- For the years previous to 1979-80, the item "Miscellaneous" has been added to "Operational supplies and expenses".

Appendice II

Liste des changements effectués à la classification des différentes variables de l'enquête

Revenus

- Tous les montants rapportés sous l'item "Frais de scolarité – Divers" relativement aux entreprises auxiliaires ont été transférés à l'item "Vente de services et produits".
- Tous les montants rapportés sous l'item "Emprunts" apparaissent dans le fonds d'immobilisations. À partir de 1982-83, cet item a été exclu du format historique.
- Pour l'année 1975-76, tous les montants rapportés sous l'item "Frais de scolarité – autres cours avec crédits" ont été ajoutés à l'item "Frais de scolarité – cours avec crédits".
- À partir de 1979-80, les revenus de contrats et subventions des gouvernements étrangers sont montrés séparément comme subvention gouvernementale.
- À partir de 1985-86, tous les montants rapportés sous l'item "virements interfonds" ont été exclu du format historique.

Dépenses

- L'identification des dépenses par fonction ne se rapporte qu'au fonds de fonctionnement général.
- Les dépenses rapportées au titre d'"Amortissement" n'ont pas été considérées dans le format historique.
- Les dépenses au titre des "Cotisations versées par l'institution" ont été regroupées dans le fonds de fonctionnement général – "Administration".
- Les dépenses au titre des "Bâtiments" et "Terrains, achats et aménagement" ont été regroupées dans le fonds d'immobilisations.
- Les dépenses au titre des "Services publics" ont été regroupées dans le fonds de fonctionnement général – "Terrains et bâtiments".
- Pour les années antérieures à 1979-80, les dépenses "Divers" ont été ajoutées à l'item "Fournitures et matériel".

Appendix III – Supporting Tables

Appendice III – Tableaux justificatifs

TABLE 1. Total University Expenditures in Relation to Socio-economic Indicators, CPI and FTE, Canada, 1976-77 to 1985-86

TABLEAU 1. Dépenses totales des universités par rapport à certains indicateurs socio-économiques, IPC et ETP, Canada, 1976-77 à 1985-86

| Year Année | Indicators – Indicateurs | | | | | |
|---------------|--------------------------------|------|------------------------------------|--------------|-------|---------|
| | As a percentage of GDP and GNP | | As a percentage of personal income | Per capita | CPI | FTE |
| | En pourcentage du PIB et PNB | | En pourcentage du revenu personnel | Par habitant | IPC | ETP |
| | GDP | GNP | | | | |
| | PIB | PNB | | | | |
| | per cent – pourcentage | | | dollars | | |
| | Canada | | | | | |
| 1976-77 | 1.42 | 1.44 | 1.82 | 122.58 | 62.9 | 431,500 |
| 1977-78 | 1.47 | 1.50 | 1.86 | 137.24 | 67.9 | 434,667 |
| 1978-79 | 1.43 | 1.47 | 1.81 | 147.40 | 73.9 | 429,699 |
| 1979-80 | 1.37 | 1.40 | 1.75 | 159.06 | 80.7 | 437,035 |
| 1980-81 | 1.38 | 1.42 | 1.75 | 177.94 | 88.9 | 452,653 |
| 1981-82 | 1.36 | 1.40 | 1.67 | 198.44 | 100.0 | 473,874 |
